## Part II: Reading

### Studying Abroad

Do you want to study in another country someday? Many years ago, this was only a dream for most teenagers. Now, it is possible to spend a year studying with other students in a foreign country. Many people believe this is becoming very popular because it is good for learning a second language. Of course, this is important, but there are many other reasons to study in another country too.

First, studying in another country is a chance to make new friends. There are many chances to meet new people. Many of them are from that country, but some are from other countries too. So you can meet people from around the world.

Second, you can become stronger. When you study in another country, you will live with a host family. In many countries, everyone must do housework together. Even young children do simple housework, **for example**, washing the dishes or cleaning the floor. It is also usual for some children to cook dinner as well. At first, this is difficult for people who don't usually do housework. But after a year, you can do many things that you have never done before.
