Our school had a marathon event last week. Usually, Koji runs faster than George, but in the marathon event George finished in first place. Mike is good at running short races but isn't good at long distance races. So he finished running after Ken. Unfortunately, Koji fell down just before the finish line, so he came in last.

Hello. My name is Bill. I'm 14 years old. Today, I will talk about my winter vacation. Last year my father and mother worked really hard in December, so my two younger sisters and I didn't go anywhere in our winter vacation. But this year our family had a special winter vacation. My parents had holidays for a week! We went to Australia. This was my

first time to go abroad! In December, the life in Australia is very different from that in America, especially Christmas.

You know America is in the northern part of the earth and Australia is in the southern part, so in December, it is summer in Australia. While I was in Australia, I didn't ski or snowboard in the mountains. I swam in the sea in December. It was so hot.

We also stayed there on Christmas day. What is your image of Santa Claus? In America, Santa Claus uses one kind of animal, reindeer. But a different kind of animal carries presents to children in Australia. It is a kangaroo! Can you believe it?

There is one more thing I was surprised at. There's no snow in Australia in December. So, how does Santa Claus give presents to children? Can you guess? The answer is "surfing"! On the beach, there was a picture of Santa Claus on a surfboard. It looked so strange to me.

I saw a lot of animals there. There were so many unique animals in Australia. I saw kangaroos and flamingoes. My favorite animal that I saw was koala. It was so pretty. I wanted to see wombats, but unfortunately I couldn't.

We made a lot of good memories in Australia. I'll never forget these experiences.
